Working with Kernow HR at the centre of your business

So much more than the sum of its functions, myhrtoolkit provides a range of collaboration and communication tools for a truly holistic approach to HR management.

Empowering employees since 2005

It's really just made life a bit easier; we have eight branches so having software in place helps make sure everyone is doing the same thing and we don't have varied systems in place. Plus, it's great making sure all our personal information is safe.

Laura Clark, Baldwins Travel

HR manager for award-winning travel agency

We now have most of our HR documents, including contracts, on the system and we are using the holiday manager which has seamlessly taken over from the various old charts and systems we used to have.

Andrew Buckley, Network Church Sheffield

Head of Operations & Company Secretary

Having worked with myhrtoolkit in a previous role, this was a natural decision to purchase it for Majestic. We now have all 350 of our team members set up, all managers utilise the system and find it easy to use.

James Taylor, Majestic Bingo Limited

Nationwide Bingo Operator
